March, 2019

Dear Parent/Guardian,

Currently the St. André Bessette Math Department offers additional support to math students through a Math Help Centre. Students may access this support on an optional basis after school on Tuesdays (2:15pm - 3:15 pm in Room 242).

Beginning Monday March 25th, 2019 (until Wednesday June 19th, 2019) St. André Bessette will be offering **another** program in support of students **currently taking grade 9 or 10 Mathematics**. This program will be known as 'Numeracy Class'. It is a more structured approach to offering review of concepts, and time to work on homework and assignments for students. The topics covered will reflect and reinforce each student's current math curriculum.

The sessions will take place **Monday and Wednesday afternoons for both Gr. 9's and 10's**. Sessions will run from **2:15 pm to 3:45 pm each of the afternoons at St. André Bessette**. If an abundance of applications is received, selection will be made in consultation with the student's Guidance Counsellor, the Math department and the Student Success Teacher. All successful applicants will be notified and the remainder placed on a waiting list. They will be contacted if openings arise.

Attendance will be **MANDATORY** and **only those students enrolled may attend**. Students on a waiting list will replace those who cannot uphold the commitment. Transportation home from these afternoon sessions will be the responsibility of the student and parent/guardian.

If interested, **please complete the attached registration form and return it to your child's math teacher as soon as possible.**

Sincerely,

Mr. K. Barnes,
Principal

Mr. M. Duffy,
Mathematics Department Head

Mr. M. Casabon,
Student Success Teacher
